EXPERIENCE

- **Freelance creative researcher and assistant:** January 2023–Ongoing
I work with artists and writers to research information that applies to their creative interests and projects. This research covers a lot of territory, from researching psychological studies, to compiling and transcribing FOIA documents, to consulting on textile art practices, to hands-on studio assistant work. I love artistic investigation and creative research, and am always willing to learn new skills to best support a client's needs. I have worked with novelist Jeff VanderMeer, painter and ceramicist Jiha Moon, and painter Lilian Garcia Roig.
- **Office Associate at Balfour:** 2019–Ongoing (seasonal)
I digitize handwritten data, compile Excel spreadsheets with client information, upload and import data from the field to our system, and supervise and train new hires.
- **Intern at the Southeast Review:** May 2022–July 2022
I spearheaded the creation of a new graphic design aesthetic that represents the artistic identity of the magazine, co-managed the Instagram and Facebook pages, worked in a team to fundraise, and read for the fiction section of the magazine.
